Brand New Book ***** Print on Demand *****.Are you looking for alternative streams of revenue for your business, low-hanging-fruit opportunities, and better profit margins? According to McKinsey, a dozen or so emerging economies will collectively have an annual GDP of more than 20 trillion USD by 2020, exceeding that of the United States. In 2015, developing economies will account for more than half of the world's annual GDP. And the largest consumer markets of the next generation can be found in emerging markets like China, India, and Africa. With figures like these, going global, particularly to emerging markets can present the opportunities for which you are looking. As markets in developed countries stagnate, slow, dwindle, or reach saturation, companies are looking for new horizons to sustain them in the next generation economy. This is no less true for entrepreneurs and SMEs. While going global has become a business imperative and entrepreneurs and SMEs look for new opportunities like larger firms, questions arise around how? How do we go global? How do we tap into markets far away with limited resources? How will going...
