## UNDERSTANDING MISSOURI'S CONSTITUTIONAL GOVERNMENT

DOWNLOAD

University of Missouri Press. Paperback. Book Condition: new. BRAND NEW, Understanding Missouri's Constitutional Government, Richard Fulton, Jerry Brekke, In the study of American government, analysis of state governments is often neglected in favor of concentration on the national system. Certainly in-depth knowledge of our country's constitutional structure is critical to an understanding of American government, but this continuing inattention to the complexities of state governments has left a hole in the literature available to help us understand the role state governments play in the federal system. State constitutions served as guides for the construction of the U.S. Constitution, but they have their own character and significance. As such, it is imperative that teachers, students, and historians fully understand the creation, administration, and adjudication of state governments. "Understanding Missouri's Constitutional Government" presents a case study in the foundations of state governments. The book provides a sweeping look at the constitutional foundations of the processes of Missouri government. Authors Richard Fulton and Jerry Brekke place Missouri within the context of our larger federal system while using the state's constitution as a touchstone for the discussion of each element of state government. "Understanding Missouri's Constitutional Government" has a dual framework specifically designed to enhance the reader's learning experience. First, the essential elements of government outlined in the constitution are introduced, and then analysis and interpretation of each of the document's articles is covered. This organization permits readers to build an understanding of a particular element for example, the legislature by learning its fundamental organization, processes, and purposes in a straightforward manner. After gaining that primary perspective, the reader can use the formal analysis in the second section to explore interpretations of each article. Not only helpful to the general reader, this two-part structure makes the text especially...
